

International Wintercamp 2022 Spain, Workshop

Hello everybody, we proudly present our program for the international Wintercamp in Spain. We have found a beautiful place, where we can come together, work and have fun, the **Palomar de la Breña**, a hotel in the national Park of Barbate. There we will be based to create our play in only 10 days.

We are international and for that reason our language during the camp will be English. You will meet different cultures as we are a mix of several nationalities, Italy, France, Spain and Germany. This gives us the unique possibility to experience and to live “The Idea of the European Community”.

What is the workshop about?

We want to bring a theatre performance in 10 days on stage!

Means, we have to do everything which is necessary for it, we have to make a script, to improvise, find solutions for costumes, technical things like lights, music, maybe make a dance coreography, it's about staging, teamwork, coming together from different cultural backgrounds...

Or shortly it's about adventure!

Program International Wintercamp

Monday 31.01.2022

Welcome to the Palomar de la Breña, let's come together!

Tuesday 01.02.2022

Ute Pegesa

Organisation

The Palomar de la Breña

We are lucky to work in a wonderful place, the Palomar de la Breña, it is a hotel in the pine forest of Barbate, in a small town called San Ambrosio. We will occupy the whole hotel for our 10-days-adventure. They will offer us breakfast, lunch (2 different meals, vegetarian and non vegetarian) and dinner in the restaurant. Please let them know (when you are booking) if you are vegetarian or not. Almost all the young people have to share the room with somebody, might be also with somebody from another country. I hope, you'll have no problem with it.
